SUMMARY

Creative and detail-oriented Graphic Designer and Video Editor with hands-on experience in branding, print production, digital media, motion graphics, and user centered design. Recently produced designs across labels, packaging, signage, menus, and large-format print at Pristine Printing Inc. Proficient in Adobe Illustrator, InDesign, Photoshop, After Effects, and Premiere Pro, with a strong understanding of layout, typography, visual hierarchy, and commercial print production. Known for leadership, adaptability, and delivering polished work under real-world deadlines.

EDUCATION

Bachelor of Arts in Geography

CRSU University, Jind 05/2020 - 05/2023

Developed strong analytical and research skills focused on spatial data, physical landscapes, and regional planning.

Diploma in Computing Support

Flair College of Business and Management 01/2024 - 10/2024

Completed technical training in system analysis, IT support, and database management, building a strong foundation in problem-solving and digital workflows.

Interactive Media Design

Seneca College (York Campus) 01/2025 - 08/2026

Focused on UI/UX design, motion graphics, video editing, and interactive media, producing portfolio-ready projects using Adobe Creative Cloud and industry design tools.

EXPERIENCE

Freelancer

Graphic Design and Video Editing

07/2024 - Present | Canada

- Designed branding, marketing, and social media assets for 15+ small businesses, creating logos, flyers, brochures, menus, and packaging in Adobe Illustrator and Photoshop.
- Edited short-form promotional and social media videos in Premiere Pro and After Effects, delivering 30+ clips for client campaigns.
- Developed print-ready files with proper bleed, margins, and export specifications, collaborating with clients to deliver on-time revisions.
- Maintained organized project files and ensured brand consistency across deliverables.

Graphic Designer

Pristine Printing Inc

05/2026 - 08/2026 | Etobicoke, Canada

- Designed and produced print-ready files for commercial clients, including labels, business cards, menus, packaging, box designs, banners, and large-format signage.
- Applied knowledge of paper types, finishes, and print specifications to ensure designs translated accurately from screen to press.
- Collaborated with clients on briefs and revisions while maintaining organized file systems that met bleed, margin, and color output standards.

Projects

Editorial Magazine Design

Designed a celebrity-themed editorial magazine featuring layout design, typography, image editing, and print composition using Adobe InDesign.

Brand Guidelines — B-Ever

Developed a complete brand identity and visual guideline book for a sports equipment brand, including logo usage, typography, and brand assets.

NaturCycle App Prototype

Designed an eco-friendly skincare mobile app prototype with UX research, case study documentation, wireframes, and interactive UI screens.

Clarity — AI Focus App (Design & Development)

Designed and developed a responsive web app that helps users focus on one task at a time, combining UX research and a full design system with a live prototype built using AI-assisted coding.

Afilife — Digital Legacy Platform

Designed and built a responsive web platform for securely organizing digital accounts, assets, and personal wishes, featuring UI/UX design, front-end development, and AI-assisted coding.
